

## **7th Grade Math Vocabulary Words**

allowance  
area  
area of region  
bar graph  
base angle  
best estimate  
capacity  
centimeter  
circular  
complemet  
compund event  
cone  
convert  
coordinate grid  
calculate  
capacity  
circle graph  
commission  
answer document  
approximate  
allowance  
circumference  
better buy  
bubbles (on grid)  
characteristic  
gram  
graphic display  
intersects  
identical  
hour  
hemisphere  
kilogram  
kilometer  
line graph  
line plot  
geometrric solid

data  
day  
degrees fahrenheit  
diagram  
diameter  
discount  
divide  
equation  
feet  
foot  
gallon  
geometric  
solid  
expression  
exponent  
equivalent fraction  
coordinate plane  
correct place value  
counterexample  
cube  
cup  
cylinder  
data  
day  
cylindrical  
liter  
mass  
maximum number  
median  
mean  
meter  
mile  
made  
month  
negative number  
most common
