

WORLD SCIENCE
(Spelling Words)

Name _____

1. The first day of the year is New Year's Day. It is celebrated on January 1st. People often have parties and give each other gifts. It is a time of joy and celebration. Many people also make resolutions for the new year. They promise to do better things in the coming year. For example, they might promise to exercise more or to study harder. It is a time to start fresh and to hope for a better future. The day is marked by fireworks and music in many places. It is a day to remember and to look forward to.
