

Lunar Phases Worksheet

Name: _____
 Class#: _____

Use the website found at obrienlions.com/classes/astronomy/ to answer these questions. Go through the tutorial and then work on your own to answer the questions.

List the phases of the moon in order starting with new moon and going through all the phases.

Phase	What we see	When it rises	When it transits	When it sets
New Moon	No moon 	At sunrise	At noon	At sunset
New Moon	No moon 	At sunrise	At noon	At sunset

1. What does a crescent look like?
2. What does a gibbous look like?
3. What does waxing mean?
4. What does waning mean?
