I baby
Ain't no high
Ain't no valley low
Ain't no mountain high enough, baby

It goes on and on
No matter where you are
No matter how far
Ain't no
Ain't no mountain high enough
Ain't no high
Ain't no valley low enough
Ain't no mountain high enough
Telling me from getting to you

Remember the first
I met you then
I said I
You could always count on me
From that day on, looking for
Ain't no mountain high enough
Ain't no valley low
Ain't no mountain high enough
Telling me from getting to you

No matter how far
My love is true
My love is true
Ain't no mountain high enough
Ain't no valley low
Ain't no mountain high enough
Ain't no high
Ain't no high
Ain't no high

Doesn't you know that
Ain't no mountain high enough
Ain't no high
Ain't no valley low enough
Ain't no mountain high enough
Telling me from getting to you
