Green Note:

We are a green campus. All rubbish must be placed in the recycling bins around the college. There are separate bins for plastic, paper, glass and tins - help us save the planet!

Visit the library

Our library is second to none. Over 40,000 books and journals are available for students to borrow for up to two weeks. We also have over a hundred computers and wireless facilities. Our head librarian, Jenny Owen, will be happy to show you around.
