Dear Ms. Danner,

I would like to tell you about my wonderful third and fourth grade class. They are the best class in the world to teach. Patrick is very friendly and smart. Chastell loves to act and I hope she will be in drama class one day. Henry is funny and fun and always has something nice to say. Edwin tries very hard and tells many good stories. Jimmy is kind and smart and brings great cookies from his mom's work place. Yaniel just came to our class and is learning English. Esther laughs all the time and always seems happy. Thank you for giving me such a great class to teach.

Your friend,
Ms. Jensen
