

ESRT FOSSILS WORKSHEET

Number the fossils from 1 to 4 in order of relative age, with 1 as the oldest and 4 as the youngest.

"Generalized Bedrock Geology of New York State"

1. The surface bedrock in Elmira comes from which geological formation?

2. What type of rock would be found in Salamanca?

7. What type of rock would be found in Oswego?

8. Would you find Sedimentary or Metamorphic rock at Mount Marcy?
