Write the Numbers in Expanded Form.

1) 655.872 _____

2) 154.223 _____

3) 842.624 _____

4) 731.159 _____

5) 292.998 _____

6) 276.844 _____

7) 484.895 _____

8) 632.756 _____

9) 515.987 _____

The image shows three examples of number lines with points labeled A, B, C, and D. Each example includes a number line with tick marks and labels, and corresponding blank lines for the values of the points.

Example 1: A number line with labels 10 and 11. Point A is marked with a red dot between 10 and 11. Above the line, there are blank lines for A = _____, B = _____, and C = _____. To the left of the line, there is a blank line for D = _____.

Example 2: A number line with labels 6, 7, 8, and 9. Point D is marked with an orange dot between 6 and 7. Point B is marked with a green dot between 7 and 8. Point C is marked with a blue dot between 8 and 9. Above the line, there are blank lines for A = _____, B = _____, and C = _____.

Example 3: A number line with labels 2, 3, 4, 5, and 6. Point D is marked with an orange dot between 2 and 3. Point C is marked with a blue dot between 3 and 4. Point A is marked with a red dot between 4 and 5. Point B is marked with a green dot between 5 and 6. Above the line, there are blank lines for A = _____, B = _____, and C = _____.
