

Rounding Chant

Author Unknown

Rounding's not that hard to do.
Let me tell the rules to you.
For the digits five through nine,
Round that number up the line.
For the digits four and less,
Round that number down, Oh yes!

Round up! Five through nine!
Round down! Four and less!

Round up! Five through nine!
Round down! Four and less!

10 20 30 40 50 60
70 80 90 100
