## Sandwich Sequence

**Directions:** Answer the sequence questions by referring to the text. Sequence your morning. Write what you did, in sequence, this morning before school.

Oselle is making lunch for her and her two brothers. She grabbed 3 slices of wheat bread. Then, she spread mayonnaise on each slice. She placed 2 slices of ham, one slice of cheese, and 2 slices of tomato on three slices of bread. Carefully, to be sure they were even, Oselle placed a second slice of bread on the top. Her mom used a sharp knife to cut each sandwich in half. Finally, Oselle and her brothers sat at the kitchen table and ate their lunch.
