

Name: _____

Float or Sink

Use the website link provided on my website to find the information that you need. For each shape, you need to write down its mass and its volume. You then need to show your work and figure out the density of the shape. Once that is complete, write down if the shape will float or sink and test it.

1. Red Square	Mass	Volume	Density	Float/Sink
2. Blue Square	Mass	Volume	Density	Float/Sink
3. Blue Triangle	Mass	Volume	Density	Float/Sink
4. Pink Rectangle	Mass	Volume	Density	Float/Sink
5. Green Triangle	Mass	Volume	Density	Float/Sink
6. Red/Black Rectangle	Mass	Volume	Density	Float/Sink
7. Purple Oval	Mass	Volume	Density	Float/Sink
8. Orange Rectangle	Mass	Volume	Density	Float/Sink
9. Grey Triangle	Mass	Volume	Density	Float/Sink
10. Red Oval	Mass	Volume	Density	Float/Sink
