

JOURNEY COMMUNITY BIBLE STUDY **WORKSHEET**

Study Three:

DEEP WATER:

"Another Look at The Glory – Potential"
Proverbs. 20:5/Prov. 19:21

Introduction:

Start by asking a question. What does Glory mean?

What if you have lived your life for many years here on earth and are just beginning to discover or realize that God has a uniquely designed purpose for your life—Is it too late to start?

Abraham's life began at 75 years old
Peter's life began after his fishing career

Transition: **Destiny** is manifested in phases.
You finish one phase and then you move into another

In one phase you are single and taking care of family. But then that phase comes to an end. Your life does not end when your kids leave home—(There is another phase)

Note: Every person comes to earth with a gift that is bigger than his or her family function. That gift is called the plan of God – Or – His destiny or high calling for your life.

Your purpose in life then is to expose the things that you came to earth carrying – God's dream in you.

Note: Your family is only a part of the process.

Side thought: Women oftentimes get lost in the process because they spend most of their lives trying to be women.

Your purpose in life is not to become a female/male because you are already that.
