Directions:

Fold the paper on the dark vertical line so that the right column is on the right and folded back. Then read each statement below. Rate each statement from 1 to 5 according to how well the description fits you (1 = Not at All, 2 = A Little, 3 = Somewhat, 4 = Fairly Well, 5 = Very Well). Read across the paper and transfer each number over to the folded back on the same line. Finally, add the numbers in each column to find the total score for each multiple intelligence area.
