

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40

$$12 \times 10 = 120$$

$$12 \times 11 = 132$$

$$12 \times 12 = 144$$

The image shows a grid of numbers from 1 to 40. Below the grid, there is a large greyed-out area containing mathematical equations: $12 \times 10 = 120$, $12 \times 11 = 132$, and $12 \times 12 = 144$.
