

DIRECTIONAL ARROWS

ALL vertical lines stay vertical. The back "leg" on the "R" is part of the shape and does NOT head to a vanishing point. Make sure your ruler is aligned correctly with the appropriate vanishing point.

ART in 1 point perspective (all horizontal lines are parallel to the horizon line)

Begin by drawing the BLOCK letters first. THEN you draw the diagonals from each corner. DO NOT draw THROUGH the letter. You STOP when you reach another line.

Your turn to draw ART in 1 point perspective
