Reading Comprehension Exercise
Log Sheet

INSTRUCTIONS: Every time we do a reading comprehension exercise you will answer questions about the story. Some of these questions are special types of questions—much like those that will be asked on the ISTEP+ test. Every time we complete an exercise, I want you to log in how you did on each type of questions by marking "+" if you got it right or "–" if you got it wrong. It is important that you mark accurately how you did. You won't be graded on these, but your log sheet will help me know where you need help.

TYPES OF QUESTIONS: ◯ **Inference** △ **Another Name for the Selection** ◇ **Sequence** [ ] **Critical Judgment** □ **Main Idea**
