Student Score Card

Term _____ Week _____

Welcome to the **Student Scoring System**. Your mission is to defeat the temptations of laziness, forgetfulness, rudeness, sloppiness, and meanness. You will be put into squads. Each squad member has the responsibility of doing his best and watching out for his fellow squad members. We do not leave a man behind. You will have the opportunity to earn points in five categories: behavior, homeworks, classwork/participation, organization/preparation, and tests/projects. Good choices lead to an increase in score, while bad choices lead to a decrease in score. Too many bad choices will cost you and your squad, placing your mission in danger. Your objective is to continue to increase your score to earn achievements for you and your squad. Good luck, and may the best player(s) win!

Squad Name _____
