

# MANAGING YOUR MONEY

Michigan State University Extension

## WORK SHEETS

Extension Worksheet 01-0118  
Revised January 2007

### Extension Family Resource Management Program

#### WHAT IS OUR INCOME?

Use this form to figure up how much income you have each month. Enter the amount from each source in the column according to the times it's paid to you. If weekly, multiply times 4 to get "Total for Month." For right-based columns, if paid every 2 weeks, multiply times 2. Add up all the totals in the right-hand column to get your "Total Income for the Month."

Source of Income	Amount (Weekly)	Amount (Every Two Weeks)	Amount (Monthly)	Total Income
Wages (Take Home Pay) Adult				
Children's Wages				
Social Security				
Unemployment Benefits				
Fund by Locksmith Agency				
Paid Savings				
Child Support Payment				
Other				
Other				

Total Income for the Month

#### WHERE, WHAT, HOW MUCH DO WE OWE?

Write in all debts including store payments, credit cards, loans, etc.

Where --- (Place owed to)	Due what --- (Name)	How much		
		Total Debt	Monthly Payment	Due Date
TOTAL
