WHAT IS OUR INCOME?

Use this form to figure up how much income you have each month. Enter the amount from each source in the column according to the terms it's paid to you. If monthly, multiply times 1 to get "Total for Month" for right-hand columns. If paid every 2 weeks, multiply times 2. Add up all the totals in the right-hand column to get your "Total Income for the Month."

Sources of Income	Amount (Weekly)	Amount (Every Two Weeks)	Amount (Monthly)	Total Income
Wages (Take Home Pay) Adults				
Children's Wages				
Social Security				
Unemployment Benefits				
Family Independence Agency				
Food Stamps
