

Goal Setting Worksheet

Pair up with a classmate for this activity. Take a few minutes to discuss with your classmate:

1. What career path you have chosen to pursue.
2. Explain why you are interested in this career field.
3. Describe any activities/hobbies/academic programs you are currently involved in, which are in line with this career path.

After listening to your classmates interests, create a career path for your classmate, following the outline below.

General requirements:

My peer wants to pursue this career field _____

This career field typically requires a _____ Degree.
(High school, Associates Degree, Bachelor, Master, PHD) or License (Cosmetology, Real Estate, Dental).

My peer would benefit by working part time at _____
while completing the education requirements.

My peer would benefit by an internship in _____.
(Examples: As general as in the healthcare industry, or as specific as their former pediatricians office).

Specific actions: (feel free to come up with your own answers or choose from the examples listed)

In the next six months my peer should _____

_____.
(Examples: Choose five universities/colleges that offer a program (major) that is in-line with their career path, research college costs, discuss finances with parents, research scholarships offered by community, local companies, colleges, etc)

In the next year my peer should _____.
(Examples: Apply to schools, apply for federal loans, apply for scholarships, take standardized test for college acceptance, etc)

My peer should use this resource _____
to gain information and insight. (Examples: Guidance counselor, individual currently in the career field, internet, magazines, Etc).
