CHINESE NEW YEAR

WRITING PROMPT - PIG

The Chinese Year of the Pig is the twelfth in the 12 year cycle. Look at the picture below and write a creative story to go along with it.

This image shows a blank sheet of white paper with horizontal ruling lines. The first line from the top is a solid black line. Below it are ten pairs of dashed black lines, creating eleven sets of writing space. This format is commonly used for teaching handwriting or basic composition to young students.
