Desert Not Dessert!

Many confuse the spelling of desert (dry land) and dessert (a yummy treat!) Here is a simple way to remember how to spell them correctly!

Hint: Dessert has 2 "e"s and desert only has 1 "e". Think this: I would like to have two desserts, but one desert is enough! Two desserts...two "e"s.

Write a yes by the sentence that uses dessert or desert correctly. Write a no by the sentence that uses them incorrectly.
