

g) Label the following points on the number line below.

<del><math>\frac{2}{5}</math></del>	$1\frac{1}{3}$	$1\frac{2}{3}$	$2\frac{1}{3}$	$1\frac{3}{5}$	$2\frac{2}{3}$	$2\frac{1}{5}$	$2\frac{2}{5}$
-------------------------------------	----------------	----------------	----------------	----------------	----------------	----------------	----------------

f) Compare the following numbers using the number line in g).

$\frac{3}{5} > 0$	$1\frac{2}{3}$ $1\frac{3}{5}$	$2\frac{2}{5}$ $2\frac{2}{3}$
$2$ $1\frac{3}{5}$	$2\frac{3}{5}$ $2\frac{2}{3}$	$2\frac{1}{5}$ $2\frac{1}{3}$

g) List all mixed fractions on the number line in g) that are between  $1\frac{1}{5}$  and 2.

\_\_\_\_\_

h) Use the number line in g) to order the following lists of numbers from smallest to largest.

zero,  $1\frac{3}{5}$ ,  $1\frac{2}{5}$  \_\_\_\_\_

$1\frac{1}{5}$ ,  $1\frac{3}{5}$ ,  $1\frac{4}{5}$  \_\_\_\_\_

$1\frac{4}{5}$ ,  $2\frac{1}{5}$ ,  $2\frac{2}{5}$  one \_\_\_\_\_

$\frac{1}{5}$ ,  $\frac{1}{3}$  one and two fifths,  $1\frac{1}{5}$  \_\_\_\_\_
