

Scale Drawing Practice

Scale: 1cm = 1.75ft

Directions: Measure each object in centimeters and round to the nearest centimeter.

- 1.) What is the teacher's actual height in feet and inches?
- 2.) How tall is the flag pole in feet and inches?
- 3.) How tall is the tree?
- 4.) How wide is the school building?
- 5.) What are the dimensions of the flag?
