### Math Practice: Represent and Interpret Data (3.MD.3)

- I. With the help of your teacher, collect the following data from your classmates.

What is the **dominant** eye color in our classroom?

| Eye Color  | Tally Mark |
|------------|------------|
| Blue Eyes  |            |
| Brown Eyes |            |
| Green Eyes |            |
| Hazel Eyes |            |
| Other      |            |

- I. Create a picture graph in the space below to represent your data.
