

VALUE SCALES WORKSHEET

- ❖ Value refers to the relative lightness or darkness of areas in a design.
- ❖ Sometimes, artists make use of a value scale to help them determine the number of values in their artwork.
- ❖ Hundreds of gradations are possible when showing value.

THE VALUE SCALE

- ❖ In the boxes provided below, create a Value Scale that ranges from LIGHT to DARK. Use lines and crosshatching to create the different values (i.e. Spaced out lines for lightest areas and tight-knit crosshatch lines for the darkest areas).

--	--	--	--	--	--	--	--

Light

dark

- ❖ You now have 8 values to choose from when creating fabric textures in your fashion designs.

(See the rest of the project on the following page).
