

Part II: Energy Conversion in Animals and Other Heterotrophs

Use the cut-outs labeled "Energy Conversion in Animals and Other Heterotrophs Diagram Cut-Outs" to label the picture shown below.

Part III: Aerobic Cellular Respiration Equation

Use the information from the picture above to figure out the chemical and word equations for photosynthesis. Use the cut-outs labeled "Aerobic Cellular Respiration Chemical Equation Cut-Outs" and "Aerobic Cellular Respiration Word Equation Cut-Outs" to complete this task.

Chemical Equation
