1) 34200	Ken Terry		$ 75
2)			$
3)			$
4)			$
5)			$
TOTAL	N/A	N/A	$ 75

ACHIEVEMENT: Specific accomplishments in support of request

(Not to exceed space provided.)

Arul should get a spotlight to recognize his technical expertise. He recently found problems with processes using up CPU time while idle and worked a problem that had been plaguing us for months, the Xserver crash on stereo workstations. In one day Arul had the Xserver problem figured out and an SGI patch as a result.
