

I hope you know what I, mean by North, South, East, and West.

From the angle table provide the table. Turn the angle and write down which way you are then flying. The first one is done for you.

Turn facing this way	Turn this angle.	Which way are you facing?
East	Clockwise one right angle.	West
West	Anti-clockwise one right angle.	
North	Clockwise one right angle.	
South	Half turn	
East	Anti-clockwise one right angle.	
West	Half turn	
West	Clockwise one right angle.	
South	Anti-clockwise one right angle.
