Completing a bar graph

Trimming the Tree

These reindeer made boxes of ornaments for Santa's tree. Graph the number of different ornaments they made. Use the information on the boxes.

Use the graph to answer the questions.

- Which item do the reindeer have the most of? _____
- How many candy canes and frosted cookies do they have altogether? _____
- How many more glittery bows than paper snowflakes do they have? _____
- What item do the reindeer have the least of? _____
- How many more popcorn balls are there than paper snowflakes? _____
- How many more paper snowflakes will the reindeer need to make to have 20 in all? _____

Bonus Box: On the back of this sheet, draw a picture of an ornament or holiday decoration you have made before. Then explain how you made it by writing the directions. Be sure to number each step.
