

These are all in the 2s, 5s or 10s tables so I'm guessing that you will be able to whizz through them!

1.  $3 \times 5 = \text{○}$

2.  $2 \times 10 = \text{○}$

3.  $2 \times \text{○} = 16$

4.  $7 \times \text{○} = 35$

5.  $\text{○} \times 4 = 40$

6.  $\text{○} \times 2 = 12$

7.  $4 \times 5 = \text{○}$

8.  $3 \times 10 = \text{○}$

9.  $9 \times \text{○} = 18$

10.  $10 \times \text{○} = 50$

11.  $\text{○} \times 5 = 25$

12.  $\text{○} \times 6 = 60$

13.  $8 \times 2 = \text{○}$

14.  $6 \times 5 = \text{○}$
