Many events led to the Civil War but perhaps the final trigger was the Election of 1860. When _____ won the election, southern states began to _____ from the Union. These states formed the _____ States of America and elected _____ as their president.

The first shots of the Civil War were fired at _____ in April of 1861. Although no one was killed in this attack, it is considered the beginning of the Civil War. The Union was forced to surrender the fort. Not knowing how long this war would last, President Lincoln called for a ninety day _____. He would soon find out that ninety days was not enough.

More states began to secede from the _____, including the state of _____. A talented military leader named _____ chose his state of Virginia over the Union. He joined the Confederate Army and would become one of the greatest generals of the Civil War.
