### Megan's New Backpack

Megan was excited to start the new school year. She was excited to see her friends again and to start her new year together. She was most excited about using her new backpack. She got down on the floor with all of her new school supplies and her brand new backpack.

First, Megan put her supplies in the backpack. She could see the programs to show pictures for her new teacher, Mrs. Smith. Next, she put her papers in the backpack. She could see the calendar to set her dates for her best friend. Next, Megan put in her new colored pencils. She thought of all the stories she would write with them. Finally, Megan put a bottle of glitter glue in her backpack. It would make everything she made sparkle.

When she had everything put in her place, Megan carefully zipped up the backpack and put it next to the door. She smiled at the thought of what a great year it would be.
