### Megan's New Backpack

Megan was excited to start the new school year. She was excited to see her friends again and to start her new year together. She was most excited about using her new backpack. She got down on the floor with all of her new school supplies and her bright pink backpack.

First, Megan put her crayons in the backpack. She could use the crayons to draw pictures for her new teacher, Mrs. Smith. Next, she put her scissors in the backpack. She could use the scissors to cut out papers for her best friend. Then, Megan put in her new colored pencils. She thought of all the stories she could write with them. Finally, Megan put a bottle of glitter glue in her backpack. It could make everything she made sparkle.

When she had everything put in her place, Megan carefully zipped up the backpack and put it next to the door. She smiled at the thought of what a great year it would be.
