

PERSONALITY & PERSONAL PLANNING APPROACH

Adaptiveness

How comfortable someone
feels going and coping in
different and unusual places

Adaptability

How often and how frequently
someone changes jobs or other
commitments

Preparedness

How often someone exercises
their own limits by being
prepared and ready for any
situation

Contingency

How often someone
prepares for already known
contingencies

Clarity

How someone determines
that an action step is
necessary, feasible or difficult
to achieve or complete

Pragmatism

How often someone
determines they will never get
up and do things at the end
of an hour

Autonomy

How someone determines
that personally, personally, and
materially they should

Novelty

How often someone
determines that they have to
pursue a new idea

Comprehension

How often someone
determines they need to complete a

Flexibility

How often someone
determines that they can either get
