

PERSONALITY & PERSONAL PLANNING APPROACH

Adaptiveness

How comfortable someone
feels going and coping in
different and unusual places

Adaptability

How often and how frequently
someone changes jobs or other
commitments

Preparedness

How often someone exercises
their own initiative by being
prepared and ready for any
situation

Contingency

How often someone
prepares for unlikely situations
or settings

Clarity

How often someone exercises
their own initiative through
concrete results or difficult
situations or complex settings

Pragmatism

How often someone
implements things and never gets
up over when things do not work
out of hand

Autonomy

How often someone exercises
their own initiative, personal, and
independent of their feelings

Novelty

How often someone
implements things that are
new and different

Composure

How often someone exercises
their own initiative in complex

Flexibility

How often someone
implements things that are not
typical or expected
