Emily's Letter

Read the following letter written from a girl who was evacuated in World War II.

Dear Mummy

I miss you a lot. The train journey was very squashed.

The house I am staying in is nice. There are two other children staying here too. They got evacuated from Portsmouth.

I don't like my school. It is very small. There are 32 children in my class. I like my teacher. Some of the children bully me. A boy got the name for being naughty.

I like milking the cows on the farm and Mrs. Alley told me sorry she didn't let the butter. She is looking me how to knit too.

How is Daddy? I hope the war ends soon.

I miss you and Daddy lots
