

# Probability with Spinners!

Color in each of the spinners. Hold a paperclip in the center of the spinner using a pencil. Spin the paperclip 20 times for each spinner, and then record your results in the tally chart.

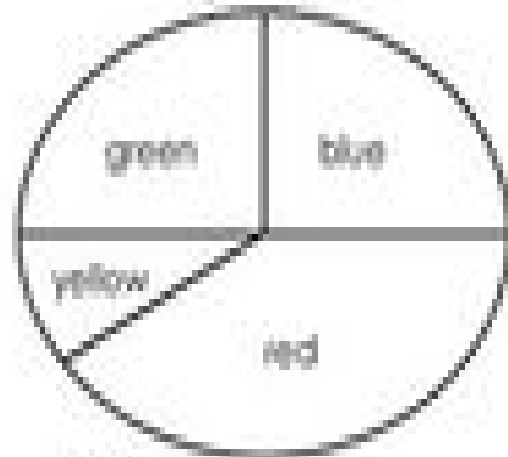

Spinner 1

Title: \_\_\_\_\_

Color	Number of times spun
Green	
Blue	
Yellow	
Red	

Spinner 2

Title: \_\_\_\_\_

Color	Number of times spun
Green	
Blue	
Yellow	
Red	

How are the two spinners alike? How are they different? \_\_\_\_\_

\_\_\_\_\_

Are both spinners equally fair? Why or why not? \_\_\_\_\_
