

1. Here are some patterns. Can you continue colouring the patterns and then complete each sentence?

Just to be helpful, we have done one for you.

Because we are too good!

- a. In this pattern one in every four square is black.

- b. In this pattern one in every three square is black.

- c. In this pattern one in every six square is black.

- d. In this pattern one in every two square is black.

- e. In this pattern one in every one square is black.
