

Plants that Grow Well

Name _____

Date _____

In the boxes below draw a plant that is healthy and growing well and in the other box one that is not growing well. Think about what the roots, stem and leaves are.

A plant growing well

A plant not growing well

1. Do plants grow better with lots of leaves or only a few?
why? _____

2. What will the stem look like if the plant is growing badly?

3. What will the roots look like if the plant is growing well?
