

**Title: Africa in Abundance**

**Link to Outcomes:**

- **Number Relationships** Students will demonstrate their ability to describe and apply number relationships using concrete and abstract materials. They will choose appropriate operations and describe effects of operations on numbers.
- **Statistics** Students will demonstrate their ability to collect, organize and display data, and will interpret information obtained from displays. They will write reports based on statistical information.
- **Problem Solving** Students will demonstrate their ability to solve problems in mathematics including problems with open-ended answers, problems which are solved in a cooperative atmosphere, and problems which are solved with the use of technology.
