Start of something new

What do the following sentences mean?

Let's go to the movies
I don't understand

When you talk to David
I never believed in
what could have

To get the graduation

never let this one
And right here tonight
This could be the start
Of something new
It looks so right
To be here with you

I never understood
The start of something new
How different thought of that
Would be to have tonight

Let's go to the movies
I don't understand

Let's go to the movies
I don't understand
This could be the start
Of something new
It looks so right
To be here with you
And now looking in your eyes

The start of something new
I never knew that it could happen
This happened to me

But now it's time to see
It's a start
Of something new
