to test its qualities, and if it does not do exactly as we claim, you may return it and we will refund both the price and any transportation charges you paid.

SEND US YOUR ORDER TODAY.

OUR PRICE REDUCED. BETTER THAN EVER BECAUSE OF IMPROVEMENTS.

Mother goes right on with her regular work while her little helper finds it so easy to swing the Superba to and fro that she is glad to do it. The washing is all done quickly and easily, and washday is no harder day for the family than any other day of the week.

DON'T PAY FROM \$12.00 TO \$15.00 FOR A WASHING MACHINE

machines similar in appearance to our Superba. There are a few reciprocating washing machines which look somewhat like our Superba and which are offered in newspaper and magazine advertisements at prices ranging as high as \$12.00, a price which many manufacturers are obtaining for machines which do not begin to compare in any way whatsoever with our Superba Ball Bearing Machine. These similar appearing machines are wholly lacking in the splendid features which are to be found in the Superba; features which make it run easily, do its work more thoroughly and much faster than others, patented features which are owned and controlled exclusively by us. For instance, no other reciprocating washing machine has by other makers the double springs to reverse the motion of the tub and the agitator, or the special ball bearings which make the operation of the machine so easy—all these patented improvements owned by us and to be found only in the Superba Ball Bearing Washer.

We also guarantee it for five years against all defects in material and workmanship. We give this long term guarantee to protect you against any hidden defect or flaw which may not appear within the six months' trial period and which defect or flaw was not discovered by our factory inspectors, and under the terms of this five years' guarantee should any part break, because of defect in material or workmanship, we will furnish a new part, to take the place of the defective part, absolutely free of charge, at any time within this five-year period.

See illustrations and description on opposite page, showing construction of our Superba Easy Running Wonder Washing Machine, showing why it is absolutely the best made and easiest running washing machine on the market, regardless of name, make or price of other machines.

OUR SIX MONTHS' TRIAL, our liberal guarantee surely ought to convince you of our high opinion of this splendid washing machine, and under these liberal conditions surely you can well afford to send us an order at our \$6.38 price. Remember, you do not take the slightest risk, you cannot lose a penny by the transaction if you order the Superba, because it is your privilege to return the machine to us and get your money back if you are dissatisfied after six months' trial, and every defect in material or workmanship developing within five years is protected by our binding guarantee. Just think what it would mean to you if you have never owned a washing machine, or if you have owned one of the old style, hard running, slow cleansing, unsatisfactory washing machines manufactured by others, to own a high grade machine, a Superba Ball Bearing Washer which will easily wash a tubful of dirty clothing in from five to eight minutes if our simple directions are followed. The Superba makes washday so easy that you will regret that you did not take advantage of our free trial offer and liberal terms long ago. If you have been accustomed to spending an entire day in back breaking labor over the washday, you will find that our Superba Washer will do the same washing in a couple of hours and do it much easier and much better than you could do it in the old way and that after having used them cleaner and much better than you could do it in the old way and that after having used

OUR GUARANTEE ON THE SUPERBA

IN ADDITION TO GIVING YOU SIX MONTHS' FREE TRIAL, a full six months in which to use the Superba Ball Bearing Washer, we guarantee this machine not only to wash more clothes and wash and wash them in less time than any other reciprocating washing machine made, but

68 SUPERBA BALL BEARING COMBINATION WASHING MACHINE

Our Superba Ball Bearing Washer, our Easy Running Wonder combined with basket tub stand and wringer board is the latest and best. It saves a separate wash bench. Saves taking off and replacing the wringer. It is complete in itself and yet takes up no more room than an ordinary washing machine.

REDUCE YOUR WASHDAY TO HALF or three-quarters of an hour once a week by using the Superba Ball Bearing Combination Washer. It is built the same as our regular Superba Washer, with the same powerful motor springs that do the work for you. The same anti-friction ball bearings which make running the washer a pleasure, it is so easy. The same patented features which wash the clothes with such quickness and to snowy whiteness. All the features which have made our Superba Ball Bearing Washer the biggest selling and most popular washing machine ever put on the market. In addition to this, our Superba Combination Washer is equipped with a folding hardwood bench braced with steel braces making it perfectly rigid and strong. It furnishes a convenient stand for the clothes basket or rinsing tub, and a strong and solid support for the wringer. The stand is made of selected materials, it is very substantial in construction, thoroughly braced and handsomely finished. This Combination Washing Machine is shipped from the factory in Southern Michigan.
