

<p>Life Cycle of a Plant</p> <p>My Little Seed</p>  <p>What plant will it be?</p> <p>By _____</p>	<p>Instructions:</p> <p>(For instructions with photos visit www.smartprintables.com. Fall, Life Cycle of a Pumpkin mini book.)</p> <p>1. Cut on the dotted.... lines around the edges. 2. Fold on the gray, solid line, so you see the text and pictures. 2. Cut the center, dotted line. 3. Open and fold in half the opposite way. 4. Back-to-back with the cover & page 4 (pg. 1 back-to-back with the cover & page 4) back-to-back with page 5.) 4. Fold the dotted pages so they are open, like a diamond. 5. Push the diamond closed, so the cover is on the front and the last page is on the back.</p> <p>SMARTprintables Especially for Your Kid Visit www.smartprintables.com Designed by Carol Brookes Free Printables, Crafts and Lesson Plans</p>	<p>The flowers become pumpkins!</p>  <p>My plant is a pumpkin!</p> <p>6</p>	<p>Flowers bloomed on my plant!</p>  <p>What do you think the flowers will turn into?</p> <p>5</p>
