

Mitosis

Directions: Describe the events that take place for during each phase of mitosis below.

| Phase | Describe Chromosomal Events | Describe Cytoplasmic Events | Describe Complete Cellular Events |
|------------|-----------------------------|-----------------------------|-----------------------------------|
| Interphase | | | |
| Prophase | | | |
| Metaphase | | | |
| Anaphase | | | |
| Telophase | | | |

Stages of Mitosis

Number the following stages of mitosis in order and label each stage properly.

Labels: Metaphase, Telophase, Daughter Cells, Anaphase, Interphase, Prophase

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____
