- Put your pencil a small step down at 200 on the dot and write each letter as the instructions are read.
- make a C Stroke and close
- go down to the "writing line"
- make a C Stroke and close
- go down to the "writing line"

The cursive lowercase "c" is made just like the one you learned in the cursive Writing Handwriting Program.

Write a line of uppercase "C's".

Write a line of lowercase "c's".

Write a line of "c's" connected in 2's. Be sure to start a small step down at 200, make the "c", add the Up the Stem Connector and go up and around to the 200 starting point for the next "c".

Write these "c" words.

Practice writing the sentence with upper and lowercase "C's".
