

Name: _____

The Fibonacci Sequence

Directions: Decipher and complete the number patterns.

The Fibonacci Sequence is this series of numbers:

0, 1, 1, 2, 3, 5, 8, 13, 21, 34, ...

Starting with 0, 1, 1, the next number is found by adding the first two...

$1 + 1 = 2$, $1 + 2 = 3$, $2 + 3 = 5$, $3 + 5 = 8$, etc.

Can you tell what number comes after 34? _____ Next? _____

Something really interesting about Fibonacci Numbers...

When you draw squares with the widths of the Fibonacci Numbers, it will create a spiral as you draw from opposite corner to opposite corner. Here's one for numbers up to 13.

Now, draw a spiral for Fibonacci Numbers up to 34!
