Introduction/Motivation: The teacher will begin the lesson by introducing herself to the class. After sharing a little bit about herself with the class, she will explain that she has an activity for them to do so she can get to know all of them better. While passing out the worksheet, the teacher will explain that if they need help with a word, they should raise their hand and the teacher will write it on the board for them. The teacher will then explain that they will read through the worksheet together and answer each question along the way.

Step-by-Step Plan:

1. Introduction of teacher
2. Hand out the worksheet
3. Explain that they can raise their hand and ask for the spelling of any word they cannot spell on their own.
4. Read through each question one by one as a whole class.
5. After completing all the questions, instruct them to draw a picture of themselves in the box provided wearing the clothes that they have on today.
