One day I was really sad because I was alone in a paper mill. My old friend was sad and he made me this book of paper. In paper there, I was happy and I was playing games. There a story was printed on me and many lovely pictures were printed too to illustrate the story.

My computer and I were not in a happy book. It was very long and it was for the little child. The child was delighted to have me. He spent many hours before he was happy. He turned over my page very carefully. He finished me with his own eyes.
