

### Getting To Know You Survey

**Directions:**

Print the paper on the back without two or three's edge columns on the right are folded back. Then read each statement below. Rate each statement from 1 to 5 according to how well the statement fits you. 1 is not at all, 3 is "okay," 5 is "strongly agree." Mark the paper and transfer each number across the column lines on the back of the page. Add the numbers in each column to find the total score for each category. Make a pie chart. The higher the score the more you fit. How many agree with you?
